WORK HISTORY

ATC CAMPUS LEAD | 2024– TILL DATE
Amazing Tech Africa - LAGOS NIGERIA

As a Campus Lead for AMAZING TECH Africa. Through organizing workshops, mentorship programs, and networking events, I strive to create an inclusive environment that fosters growth and innovation. My role involves collaborating with industry professionals to provide resources and support, enabling participants to develop essential technical skills and navigate their tech careers successfully.

COWRYWISE CAMPUS LEAD | 2024– TILL DATE
COWRYWISE FINANCIAL TECHNOLOGY LIMITED - LAGOS NIGERIA

As a Cowrywise Campus Lead, I advocate for financial literacy and smart money management among students. My role involves organizing workshops, creating awareness about saving and investment opportunities, and promoting the use of Cowrywise as a tool for achieving financial independence. I aim to empower students to build sustainable wealth and make informed financial decisions early in their lives.

BACK-END DEVELOPER | 2024– TILL DATE
ZEROPAPER.US

Worked with development teams and product managers to ideate software solutions
Design server-side architecture
Write effective APIs
Test software to ensure responsiveness and efficiency
Gathered and defined customer requirements to develop clear specifications for project plans. Reviewed code, debugged problems and corrected issues.
Troubleshoot, debug and upgrade software.
Write technical documentation

BACK-END DEVELOPER | 2024– TILL DATE
AGROLINK.NG – PLATEAU STATE NIGERIA

Managed development milestones from initial steps through final delivery.
Discussed project progress with co- developers and teamate.
Inspected equipment, assessed functionality and optimized controls.
Delivered performance-driven and user-centric website that met farmer - consumer requirements. Gathered and defined consumer requirements to develop clear specifications for project plans. Reviewed code, debugged problems and corrected issues.
Conceived and built optimized landing pages in Capacitor.js and backend using Nodejs for integration and cross- browser compatibility.

MOBILE APP DEVELOPER | 2023– TILL DATE
MAINSTREAM EXELIENT HUB – PLATEAU STATE NIGERIA

Developed a mobile application called MyMakaranta (a react native application), meant to help tackle language diversity as a barrier to quality education.
Validated personal coding and third-party code to verify compliance with internal standards and technical requirements.
Applied latest emerging technology, software and project application trends to update and maintain site applicability.
Implemented software maintenance, content management, updates and security resource tutorials to assist end- user training.
Collaborated with web developer, representing web team to establish project goals, projections and milestones.
Oversaw back-end development using NODEJS to maintain website integrity, security and efficiency.

WEB DEVELOPMENT PERSONAL INSTRUCTOR | 2023– 2024
PERSONAL INSTRUCTOR – PLATEAU STATE NIGERIA

I also organize seminars and run school outreach programs to inspire secondary students about the benefits of entering the tech field. I teach one or two students the basics in a simple, understandable way to help them get started.
I taught students basic html,css and javascript and all the fundamental ideas to get into the tech industry.
I was also an instructor for their nodejs backend development for those who choose to pick interest in Nodejs.
